

## Operating accessories

- 1 - Pedestal with actuator seating and actuator connector
- 2 - Console for flat wall mounting
- 3 - Airtight operating pit for embedding in concrete
- 4 - Pedestal, operation by means of handwheel, mounted on a gearbox. Gearbox optionally with or without reducing factor
- 5 - Pedestal, operation by means of handwheel

Diameter of handwheel:  $\varnothing 350$   
(material HDPE-300)

Spindle extension telescopically adjustable

Koperweg 17 - 8251 KA Dronten

# Operating connectors

## List of operating connectors:

- 1 - Connector for actuator  $\varnothing 20$  with parallel key 6mm, and HMPE actuator seating 100x100x40 (connecting flange G0 as per ISO 5210)
- 2 - Standard connector  $\varnothing 20$
- 3 - Square tip 22x22
- 4 - Spindle extension 0.5 - 10 mtr.
- 5 - Conical tip 27x32x50 (1:10)
- 6 - Connector for handwheel

HDPE-Handwheel diam.  $\varnothing 350$

Synthesis BV - tel. +31 (0)321 380457  
Koperweg 17 - 8251 KA Dronten

# Spindle extension

# Pedestal Floor-mounted Ø200x750

Top-view

**Materials:**

Pedestal column - PE-80 Ø200 PN10

Mounting plate - HDPE-300 30mm

Cover plate - HDPE-300 30mm

Mounting: 4x anchor M12

Pedestal with seating for actuator

Pedestal with gearbox and handwheel

Pedestal with handwheel

Koperweg 17 - 8251 KA Dronten

# Castable operating pit

## Material specification

Lid, lid casing  
and casting ring - HDPE-300  
Sealing - EPDM  
Operating pit tube - PE-80

## Supplemental data

- Gastight sealing
- Weight approx. 1½ kg.
- Diameter anchor apertures Ø50
- Keyway in lid 50x20mm
